Our A. F. S. Classmate

Dear friends,

A year is twelve months . . . A year is also fifty-two weeks or three hundred and sixty-five days . . . All these numbers were dancing a scary ballet in front of my eyes as I was sitting in the plane, half asleep. A year is a long way to go . . . Today, this memory is strangely close, although many months have already gone away. Time must go faster in America . . . Perhaps it is simply that you all made it so. The corridors are not long any more when friendly faces greet each of your steps.

My main purpose was to learn English. I gained much more than some idioms. What I gained could not be gathered in a sentence without displaying a tasteless sentimentality.

I will only say thank you with all my heart. I will never forget New Bedford High School, her students, her teachers and this year I enjoyed so much. Thanks to all of you . . .

Love

From your French friend

Cathy

"A year is a long way to go." Yet, Catherine Feilloley, our charming exchange student from LeHarve, France, discovered that a year could pass quickly indeed.

Despite the unfamiliarities of her surroundings, Cathy managed to obtain honor grades, and became an active participant in our Selected Choir and Girls' Welfare League.

Her sweet nature and friendly smile brightened our senior year at N.B.H.S. We hope that she has enjoyed her stay here as much as we have enjoyed having her, and we wish her the very best of luck in all her future endeavors.

Advisors Mr. Roland Bessette, Mr. Jarvis Medeiros

"On New Bedford! On New Bedford!" This is just one of the many songs the high school band uses in leading our school spirit. The members practice several times a week to prepare for performances during auditorium periods, football games and rallies, and local parades. The Band parents present plaques to the members at their Annual Banquet. The proceeds from a candy drive made possible a scholarship for a deserving band member.

Majorettes

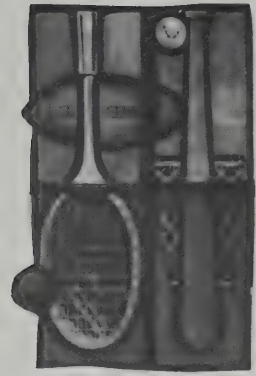

The majorettes have always induced a special kind of excitement in the crowd with their skillful and well co-ordinated routines. They not only performed at the half time activities during the football season, but also at all pre-game rallies.

For the traditional Durfee rally, the majorettes taught some SENIOR boys a routine which had some amusing consequences.
